

Squam from Rattlesnake, Early Fall

Proof

Dear Kiwanis Club of Laconia,

Thank you so much for again awarding me with your scholarship. It is hard believe that this is my senior year of college at Bryant University. I will be graduating in the Spring with a Bachelor's degree in Applied Math and Statistics with a double minor in Business Administration and Finance. I write this letter not only to thank your club for the monetary contributions to my college success but also for the principles that were instilled in me from my time working with you in high school, hard work and caring for your community. I could ~~even~~ go as far to say that those principles have been the back bone to my college career.

With your help of instilling the passion to help others and be involved in your community, I have ~~done~~ just that during my time at Bryant. I have been a valuable part of instilling "green" culture on Bryant's campus by being a member of the first student and faculty sustainability committee and as the Project Manager for Bryant's Green Team. With a lot of hard work we were even able to convert campus wide recycling from dual to single stream! I was able to spend my last two

spring breaks volunteering locally in Rhode Island and in Washington D.C. On Alternative Bicult type trips, I have be involved and helped with many of the events that the Center for Diversity and Inclusion hosts, along with my own work in the center. This summer I was even given the opportunity to travel to China on the University's behalf for a Dragon Dance Team competition where I was presented a sportsmanship award.

As I sadly start to think about my life after Bryant I hope that I have worked hard to have a lasting impact on this community, and because of your help financially and morally I know I have done just that.

Thank you,

Abby Teichert
