Laconia, NH 03246-6003

Dear President William,

Congratulations as your club celebrates its 95 anniversary.

The club experience is central to the success of Kiwanis International. We feed off of the camaraderie of working together for the good of our communities. As you come together to celebrate, take pride in your accomplishments and the impact you have had on children in your area.

My priorities for the 2021-22 year include improving the club experience. Each one of us needs to feel the value of our club and what we do. Invite prospective members to a meeting or work on a service project. Let them experience how it feels to participate in something that helps so many.

Kiwanis is expanding its focus on education and leadership development. It is vital to the future of Kiwanis service. Encourage each other to take advantage of new training opportunities to challenge yourselves and strengthen your club. If you work with a CKI club or Key Club, get involved with our new Global Leadership Certificate Program and help the next generation become effective leaders.

Kiwanis is positioned for a strong future with opportunities from within for members, and endless possibilities for the future of the children we serve. Thank you for your dedication now and for years to come.

Yours in Kiwanis service,

A handwritten signature in cursive script that reads "Peter J. Mancuso".

Peter J. Mancuso
2021-22 President
Kiwaniis International
